

Activity Fun

Aditya's father just bought a new computer for his home. Everyone in the home is very excited. The following pictures show what the family members do at home. Tick (✓) the pictures that show what they can now do using the computer.

1.

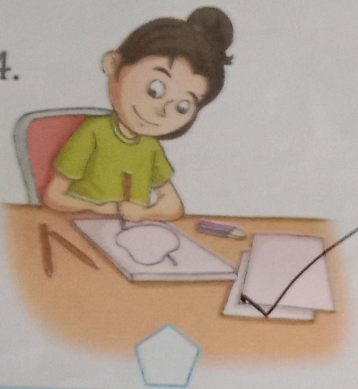

2.

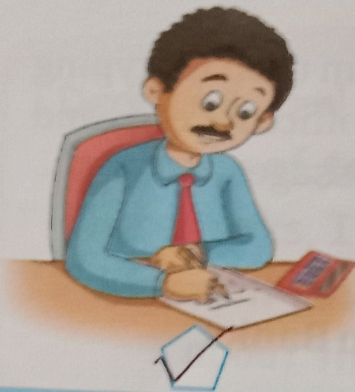

3.

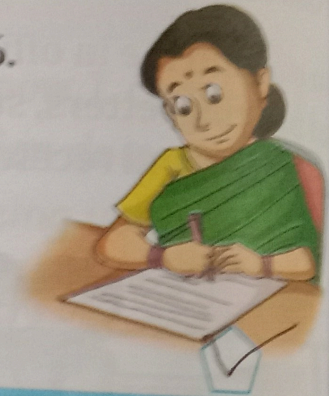

4.

5.

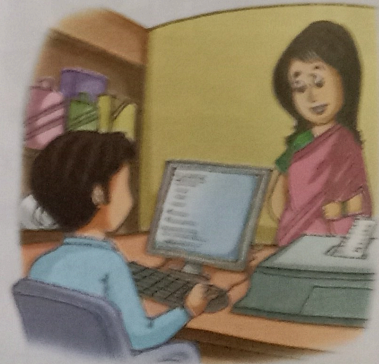

6.

At Shops and Malls

You can see me at shops and in malls. I am used here to generate bills and keep the records of the stock that goes in and out.

At Railway Stations and Airports

You can see me at the railway stations and airports. There I help in reservation of tickets. I also help to control the air traffic at the Airport. I can also keep the records of seats available in aeroplanes and trains.

Time for a Recall

A computer is used in many places.
