15 Save Paper-Save Trees

Paper is made from wood. The more paper we use, the more are the trees that need to be cut. By reducing the use of paper we can help save trees. Given below are some statements. Tick (✓) the ones that help you to save paper and cross out (✗) the ones that lead to wastage of paper.

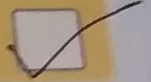

1. We should print, write or draw on both sides of the paper.

2. We must re-use paper bags to carry our things.

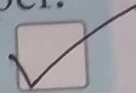

3. We must not sell old newspapers and magazines to the scrap collector.

4. We should give our old books to someone who needs them.

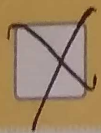

5. Use computer to read, store and share documents, in place of paper.

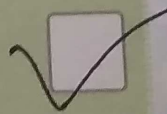

6. We should use a full sheet of paper for writing even a small note.

7. We should make paper planes and throw crumpled paper on friends at school.

8. We should ask our parents to get their phone bills and bank statements online.

9. Draw only on paper. Making drawings on the computer or using white boards is no fun.

KNOW TO GROW

The 3 R's of saving the environment also apply to saving paper. These are R- Reduce R- Reuse and R- Recycle.
